

Complete and final control rests with the Board of Trustees. The Board has the authority to:

1. Establish educational policies;
2. Determine the personnel policies of the District;
3. Select and employ well qualified professional school administrators to manage the District;
4. Employ necessary personnel upon the recommendation of the Superintendent;
5. Establish the educational and administrative structure;
6. Provide and maintain the physical plant and equipment; and
7. Assume and carry out the responsibility of procuring and disbursing, and accounting for funds to support the District.
