

**Policy Title: Visitations**

**Policy No: 205.03**

It is the conviction of St. Maries Joint School District No. 41 Board of Trustees that it has the responsibility to run an educational system compatible with the needs and desires of the community it serves. This responsibility includes a general knowledge of the physical condition of the buildings in the District as well as a general comprehension of what transpires in the classrooms. In order to be conversant on such matters, the Board should make structured visit to the facilities at least once each year.

Visitations beyond this are encouraged. However, any visit should be on proper request to the appropriate building administrator.

Nothing in this Policy is intended to abrogate the rights and privileges of Trustees as citizens and taxpayers.
