

Policy Title: Emergency Care Permit

Policy No: 504.11

Parents or guardians will annually complete a "Student Enrollment Form" that requests information about emergency contacts and permission to transport their student to the local clinic or hospital in the event of an injury or illness.

When a student suffers a serious injury or illness while in school, first aid will be rendered in accordance with school policies, and an immediate and continuing effort will be made to contact the student's parents or guardians. If the parents or guardians are not available, school personnel will contact the student's alternate emergency contact person as listed on the "Student Enrollment Form".
