

Policy Title: Outside Resource People

Policy No: 603.06

For the purpose of this Policy, resource people shall be defined as people within or outside the community who have experience which would make them capable of making a significant contribution to a particular learning environment or to solving problems within the District.

Teachers, administrators, and the Board of Trustees are encouraged to use resource people when their services may be obtained gratis. Hiring resource people by building principals must be approved by the Superintendent.
