

Policy Title: Emergency School Closing

Policy No: 504.06

In case of an emergency due to weather, water, or power failure, or any other existing emergency, the Superintendent is responsible to make the final decision to close school based on input from community agencies and supervisors. The emergency school closure announcement will be broadcast by radio and television stations via the Education Service District 101 media alert program. Telephone and e-mail notification to parents/guardians and staff members will be made through Skylert, as part of the District's student and staff management electronic system. Additionally, emergency closures will be announced on the District's web site at <http://www.sd41.org>

Information regarding re-opening of school will also be announced.
