

Policy Title: Homebound, Hospital, and Home Instruction

Policy No: 501.15

A student absent from school for more than ten (10) consecutive days because of health or physical impairment may be provided the services of a teacher or an aide in the home or hospital. Appropriate educational services will be determined by a team comprised of at least a minimum of the building administrator, teacher, and the parent/guardian. Services may begin as soon as eligibility has been established with a written statement from a licensed medical examiner and a written parental/guardian request.
