The ISBA provides leadership and services to local school boards for the benefit of students and for the advocacy of public education.

Just a reminder that ISBA's Summer Leadership Institute is open for registration. This year's all new SLI will also tackle the following questions:

* What data does the state collect?
* How can data drive your board?
* What questions should board members ask about data?
* What are SWIP, CIP, Literacy Intervention Plans, and College and Career Advising and Mentoring Plans?
* How will changes in Open Meeting Law impact your work on the board?
* What guidelines should I follow when it comes time to run a levy?
* What should we, as board members, work for in our meetings?
* How can we have more effective meetings and impact student achievement?
* What changes have been made when it comes to negotiations?
* How can I help our Board have the best agenda possible?

Presenters from the State Department of Education are coming with us to help review the data every board member should know.

If you have any questions, please do not hesitate to contact us.
